

# HIGHLAND INSIDER

VOLUME 20, ISSUE 2

FEBRUARY 2014

## MAYOR'S CORNER

Mayor Mark S. Thompson  
This year makes me feel a little nostalgic. My father Reed S. Thompson (1914-1991), would be 100 years old this year. Why is he significant? In 1955 he filed on an underground water right for this area. The drinking water we enjoy today was a big part of his life. He served as vice president or president of the Highland Water Company for thirty-four years. Reed along with Ludvig Larson, Perry Jepperson, Legrand Adamson and Yukus Inouye founded the Company. They were good to all of us. We also start the New Year without Merlin B. Larson (1923-2013). He was Ludvig's son. Why is he significant? He was Bishop of

the Highland Ward for thirteen years during the time when safe drinking water became available. He was the first Stake President of the Highland UT Stake, created August 10, 1980. He chaired the Highland City Planning Commission and served as President of the Highland Water Company for a number of years. I believe all good things in Highland were pushed forward or supported by him. I would like to thank the Larson family for sharing him with us. Let us all challenge this New Year together. If any of you want to share history with us, please do.
