Written by: Leah Wolfensperger

Hey Avery, "I am back from school!" Says ava. (Ava walks into her room) Avery?! Where are you!? (Ava runs to the nurse's office down the hall) "Hello Ava." said nurse Rose. is something the matter? Possibly! What's wrong? It's Avery. She's not in her room! Oh, don't be silly. She was there 30 minutes ago. No! She is not there. I am telling you! Well I have no idea where she is. Oh no! Go ask Dr. Gabe he will know. OK! (Ava runs through the halls down the stairs and to Dr. Gabe's office Ava explains what is happening.) I have not seen her. Says Dr. Gabe. (Ava fears the worst) Ava calls her friend Celestia. Why are you so worried that she is not in her room? Because if she is away for too long, she could die. (There was a feared silence) after two hours they checked the security cameras and it shows Avery trying to fight back but the kidnappers inject her with something and she passes out. And the kidnapper leaves. Let's check the camera outside of the room. Hmm... What's wrong? It does not show the kidnapper coming in or out of the building! That means... That supernaturals are real! Is that why Avery has lived longer every time her life is coming to an end! Ask's Celestia. Yes, Ava says.
